EXPERIENCE

Front-End developer

alphadevs.dev

July 2023 – Ongoing

Remote

- Built a team to work on AI and Blockchain projects.
- Participated in multiple featured hackathons and won 10k+ USD in prizes.
- Worked with decentralised storage, DeFi, NFT marketplaces, DIDs, DWNs and identity solutions.
- Also integrated models such as ControlNet, stability-ai/stable-diffusion, llama-2-70b-chat and GPT-3.5 Turbo in frontend apps.

PROJECTS

HealthX Protocol

DIF Hackathon

Seamlessly store and share medical records on decentralized web nodes (DWNs) using decentralized identifiers (DIDs)

OxAlphaDevs/HealthX-DIF-hackathon

DeWork

LFGHO
